(iii) An allowance of £300 a year, or, in the case of selected candidates possessing an Indian domicile, an allowance of £350 a year will be given

†The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

to any candidate who passes his probation at one of the Universities or other institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of selected candidates on probation for one year, the allowance will be payable in five equal instalments, the first after the agreement prescribed in Announcement (iv) has been executed, the second, third and fourth on December 24th, March 24th and June 24th, respectively, and the fifth after signature of Covenant on Appointment to the Service.

In the case of selected candidates on probation for two years, the allowance will be payable in nine approximately equal instalments, the first on September 24th or as soon thereafter as the agreement has been executed, the second on December 24th, the third to the eighth at quarterly intervals from that date, and the ninth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the first instalment and the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate.

The whole probation must ordinarily be passed at the same institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1931, with a view to a possible reduction with effect from the first instalment payable to candidates selected in that year.

(iv) Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

No luggage expenses or other allowance will be admissible.

Selected candidates who desire to make their own arrangements for proceeding to India must first satisfy the High Commissioner for India that they have good reasons for wishing to do so and that the arrangements which they propose to make are suitable. They will then, on production to the High Commissioner for India of evidence that they have engaged a passage, be granted an allowance not exceeding £65 * or the actual cost of the passage by the route selected, whichever is less.

(vii) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class inter se will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.

(viii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general, a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

OFFICIAL ADVERTISEMENTS.

AUCTION FOR SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE CENTRAL JAIL, RAJAHMUNDRY, AND TO THE JUNIOR CERTIFIED SCHOOL, RAJAHMUNDRY.

Notice is hereby given that the Superintendent will hold an auction at the Central Jail, Rajahmundry, at 2 p.m. on Wednesday, the 28th January 1931, for the supply of the following articles of rations and miscellaneous articles during the financial year 1931–32 from 1st April 1931 to 31st March 1932. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the Central Jail, Rajahmundry, and to the Junior Certified School, Rajahmundry." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and annas per rupee for delivery at the Central Jail, Rajahmundry, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated and, in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus as much as may be needed to last for a whole month thereafter, provided in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the jail except on a requisition signed by the Superintendent or some responsible person authorised by him in writing to do so 'by order'.

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees in the case of bills for Rs. 25 and over to which odd annas forming part of the sum due on such bill will be disregarded, unless they constitute a fraction equivalent to half a rupee or more, when they will be treated as a whole rupee for the purposes of the account, and the total of bills for less than Rs. 25 will be rounded off to the nearest anna, i.e., amounts below six pies will be disregarded and six pies and above will be taken as an anna.

9. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send, with each supply, a memorandum or advice note, duly signed, showing the number or quantity tendered for acceptance; also to sign and return, within a week of payment by cheque, bank order or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Question in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

10. In addition to any difference in prices that may be recoverable from the contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and, in the event of any residue, by legal measures, if so advised.

11. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

12. Further information on any point concerning this notification may be had from the Jail office.

13. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be considered.

6. *Passengers.*—Fifty-two thousand eight hundred and thirty-four and a half passengers arrived at and 57,516 passengers sailed from the port during the year being a decrease of 5 per cent in arrival and 11 per cent in sailings over the numbers of the previous year. Almost all these passengers arrived from or proceeded to Colombo and the decrease is due to the depression of trade in Ceylon especially in the estates. (Appendix C.)

7. *Engagement and discharge of seamen.*—Fees realised under the Indian Merchant Shipping Act XXI of 1923 are credited from 1st April 1929 to "Central Revenues" as per Presidency Port Officer's endorsement No. 650 G1–1, dated 27th March 1929.

8. *Vessels registered under Act X of* 1841.—Two vessels of 434 tons were registered during the year and fees realised were Rs. 54–4–0. (Appendix D.)

9. *Changes of Masters.*—There were eleven changes of Masters during the year and Rs 22 were collected under this head. (Appendix E.)

10. *Fees collected under Acts.*—The total amounted to Rs. 580–8–0 as against Rs. 767–4–0 collected in the previous year. The difference is due to the fact that fees collected under the Indian Merchant Shipping Act are credited from 1st April 1929 to "Central Revenues" instead of the Port Fund. (Appendix F.)

11. *Wrecks and casualties.*—Nil.

12. *Licensed boats.*—The Madura Company, Limited, have two steam launches for conveying passengers to the Colombo steamer. There are 93 cargo boats and 101 masuas licensed at this port. One cargo and 21 fishing boats are under repair. The supply of cargo boats is sufficient for the requirements of the port. (Appendix G.)

13. *Prosecutions under boat rules.*—Nil.

14. *Flagstaff and Storm Signal station at Hare Island.*—Maintained in a thoroughly efficient state.

15. *The Hare Island light.*—Has been maintained in good order.

16. *Buoys, moorings and beacons.*—Are in good order and condition. An Aga light buoy has been exhibited from 12th September 1929 to mark the Oraipar shoal and has been found a good guide for cargo boats plying at night.

17. *Steam launch "Minto".*—The boiler was examined by the Inspector in November 1929. Repairs to hull and engine room were done during October 1929.

18. *Port boat.*—Built and received in 1911, is old and requires repairs. A new boat is required or the old one should be thoroughly overhauled.

19. *Buildings.*—The Port office buildings and Port officer's quarters are in fairly good condition and repair.

20. *Accounts—Financial.*—A statement showing the financial position of the Tuticorin Port Fund will be found in Appendix I.

21. *Port Fund receipts and charges.*—The receipts of the Tuticorin Port Fund amount to Rs 1,75,982–6–9 and the charges to Rs 83,847–9–11 leaving a cash closing balance of Rs. 1,20,781–0–2 compared with last year's receipts Rs. 1,53,526·7–9, charges Rs. 1,72,535–0–0 and cash closing balance Rs. 28,746–3–4. The increase is due to the fact that no money has been transferred to the Port Trust, whereas last year one lakh was transferred. In the budget estimate for 1930–31, Rs. 75,000 of this cash balance was transferred for investment. (Appendix J.)

22. *Port Fund balance.*—The fund opened with a balance of Rs. 28,746–3–4 in cash and Rs. 1,06,000 in fixed deposits. The transactions of the fund during the year resulted in a surplus of Rs. 92,034–12–10.

23. *General.*—H.M.I.S. "Lawrence" arrived here on 6th March 1930 and sailed on 8th March, 1930.

Tuticorin,
13th *September* 1930.

Chairman, Port Trust.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 6 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the barometer is twenty-two feet above the level of the sea, and the receiver of the rain-gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 79·66 inches, the average due for the same period being 45·98 inches.

There were seventeen calm hours during the month. The resultant corresponding to the above numbers is represented by a N. wind, blowing with a uniform daily velocity of 124·6 miles.

The most important event of the month was the formation of a severe storm in the southwest of the Bay of Bengal on the 27th. Moving in some northwesterly direction, the storm passed inland between Madras and Cuddalore on the morning of the 28th. It caused severe gales and very heavy rain in Madras and the adjoining districts as a result of which several tanks are reported to have breached causing much damage in these areas. During the progress of the storm, the velocity of wind at Madras averaged 30 miles an hour with occasional gusts reaching 60 miles an hour. Several trees were uprooted in the city and the overhead electric and telephone wires were cut in almost all the divisions. The month's rainfall at Madras was 21·04 inches of which 10 inches fell during the period 28th to 30th.

Thunderstorms were recorded on four days and distant thunderstorms on two other days.

Supplement.
Act No. X of 1930.—Madras District Municipalities (Amendment)—Tamil.

Bill to be introduced in the Council of the Governor of Fort St. George assembled for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

BILL No. 13 OF 1930.

A Bill to amend the Madras Forest Act, 1882

Madras Act V of 1882.

Preamble.

WHEREAS it is expedient to amend the Madras Forest Act, 1882, for the purposes hereinafter appearing;

AND WHEREAS the previous sanction of the Governor-General has been obtained to the passing of this Act;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Madras Forest (Amendment) Act, 193 .

[V-1

Amendment of section 41, Madras Act V of 1882

2. After the proviso to section 41 of the Madras Forest Act, 1882, the following proviso shall be inserted, namely :— Madras Act V of 1882.

"Provided, further, that, if any property seized under this section is liable to speedy and natural decay, the officer seizing such property may sell the same. When any property is sold under this section, the officer conducting the sale shall remit the proceeds of the sale into the nearest Government treasury and make a report of such sale and remittance to the magistrate. The magistrate may deal with the proceeds of the sale of the property as he would have dealt with such property if it had not been sold."

STATEMENT OF OBJECTS AND REASONS.

Section 41 of the Madras Forest Act, 1882, which authorizes forest officers and police officers to seize property in connexion with forest offences, does not empower them to sell such property if it is liable to speedy and natural decay. Properties liable to speedy and natural decay can be sold only on a direction by the magistrate under section 46. But, the articles seized in connexion with forest offences may be of so perishable a nature that it may not be possible for the officers to obtain the orders of the magistrate for their sale in time under section 46. It is, therefore, proposed to empower forest officers and police officers to sell perishable articles and remit the sale proceeds into the treasury without previously obtaining the orders of the magistrate under section 46. The sale will, however, be subject to report to the magistrate having power to direct the sale under section 46. The Bill is intended to give effect to this proposal.
